RE: Quarter 2 Learning

Dear Families,

On September 26, 2020, from the direction of Governor Stephen Roe Lewis, Skyline Gila River will continue to provide online instruction for at least 30 days. We anticipate Governor Lewis to issue his executive order in the coming days per his announcement.

Skyline Gila River will continue to provide virtual instruction as we have during the first quarter and will remain closed for in-person learning.

Skyline Gila River is a public charter school regulated by the State of Arizona. As required by the State of Arizona Executive Order 2020-51, we will be open for on-site targeted supervision Monday – Friday during standard school hours. Targeted supervision supports all students and includes but is not limited to students with disabilities, English learners, and those in care of the Arizona Department of Child Safety, including foster care. Targeted supervision is not instruction, but only a safe place to complete virtual instruction provided by the school. Please contact the front office if you need a safe place to complete your online work. The school follows strict guidelines for anyone visiting campus, please follow those guidelines which can be found on www.skylinegilariver.com.

Skyline Gila River will not be providing busing for targeted services while school remains online.

We miss our students very much and hope to have them back in person soon. It is our responsibility to support our families and GRIC to ensure their health and safety. Together we will overcome this obstacle if we work together to support one another.

Our leadership team will convene every two weeks to review the situation and any communication from the Office of Governor Stephen Roe Lewis.

Sincerely,

Vaughn Flannigan, Principal

Sincerely,

Swen Anderson, MRED, President
